

LAKE REGION ELECTRIC COOPERATIVE STANDBY GENERATOR OMNIMETRIX MONITORING SYSTEM

OMNIMETRIX MONITORING SYSTEM

Thank you for purchasing a Lake Region Electric Cooperative (LREC) standby generator system! With your generator, you now have access to the Omnimetrix monitoring system. Omnimetrix monitors generator systems 24/7/365, and alerts owners and LREC technicians immediately of all alarm conditions. With Omnimetrix, you have peace of mind to ensure your standby generator will be ready to go when you need it most.

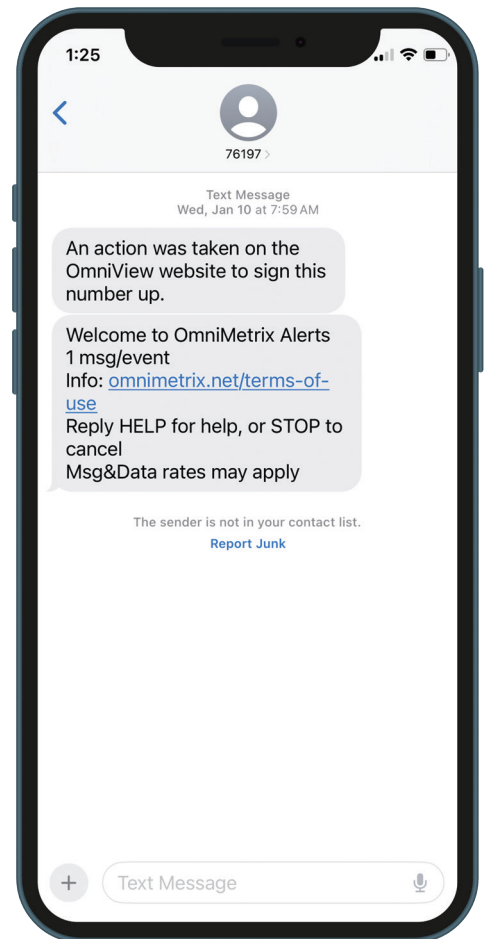

OMNIMETRIX BENEFITS

Omnimatrix monitoring allows generator owners to accurately pinpoint systems that could potentially fail-to-start, reducing 95% of these events. With Omnimatrix, you will have increased reliability and security. Other benefits include:

- » Staying informed on battery health, immediate outage notifications, generator output produced, and if the generator is in “Auto” mode.
- » Receive email and/or text messages with important information about your generator; our technician can sign you up.
- » Access to OmniView, the cloud-based dashboard which shows the status of the generator.
- » Cellular-based monitoring means you’re not dependent on Wi-Fi systems which could fail during an outage.

SIGNING UP FOR OMNIMETRIX TEXT ALERTS

- » With your consent, your LREC technician will sign you up for text alerts. You will receive the exact message as shown in the graphic from the number 76197.
- » LREC suggests you add this contact to your phone and label it “LREC Generator Alerts.”
- » No other action is needed.

SIGNING UP FOR OMNIMETRIX EMAIL ALERTS

- » With your consent, your LREC technician will sign you up for email alerts. You will receive an email from *omx@omnimatrix.net*.
- » LREC suggests you add this contact to ensure it doesn’t go into a spam folder.
- » No other action is needed.
